Dear Senate President Kim,

Enclosed please a copy of Resolution 14-2 of the Hawaii Invasive Species Council (HISC):
Requesting a Legislative Reference Bureau Study to Update the 2002 Report Titled "Filling the
Gaps in the Fight Against Invasive Species." This resolution was adopted at a HISC meeting on
October 28, 2014.

Per Hawaii Revised Statutes Chapter 194, the HISC maintains a broad overview of the invasive
species problem in Hawaii, coordinates and promotes the State's position on invasive species
issues, and provides advice to the Governor and the Legislature. A full archive of resolutions and
reports produced by the HISC can be found at the HISC website, <http://hisc.hawaii.gov>.
